Summary

Full Stack Engineer with nearly 2 years of experience building production applications at Vedak, a B2B expert-network startup. Deliver features across React interfaces, Node.js/Express APIs, and MySQL databases, with experience in workflow automation, billing integrations, reporting, Redis caching, and AI-enabled products.

Technical Skills

Languages: JavaScript, TypeScript, SQL, Java

Frontend: React, Zustand, HTML, CSS, Tailwind CSS, Radix UI, Vite

Backend: Node.js, Express.js, REST APIs, Sequelize ORM, JWT, OAuth2, Webhooks, Cron Jobs

Data & Tools: MySQL, Redis, Git, AWS (EC2, S3), Docker, PM2, Datadog

Integrations: Zoho Books, Gmail API, Google Calendar, Deepgram, OpenAI

Professional Experience

Vedak | Full Stack Developer

January 2025 – Present

Bengaluru, India

- Owned development of Vedak's expert-facing portal using React, Node.js/Express, and MySQL, covering onboarding, profiles, opportunity applications, compliance, and invoice and payment-detail submission.
- Built the Zoho Books billing integration end to end, connecting client billing requests and consultation calls with estimates, invoices, payment-status updates, and reminders through transactional webhook processing.
- Developed operational dashboards and reports for EOD activity, team performance, quotas, CRM activity, and expert payouts, with drill-down views, CSV exports, and Redis caching for quota reports.
- Built AI-assisted project creation that converts client emails into structured project and subproject drafts with extracted requirements, confidence indicators, and editable suggestions for team review.
- Implemented voice-analysis workflows for employee training and call-recording review, persisting transcripts and evaluations while surfacing summaries, conversations, and speech metrics in reporting interfaces.
- Built Daily Workspace planning and assignment workflows across React and Node.js, synchronizing project targets with daily work records and tracking activity across team members.

Project

Alumni Portal | Zigbee Student Developers' Club, OUTR

zigbeeoutr.in | React, TypeScript, Node.js, Express, MySQL

- Built and launched an alumni portal with registration, JWT authentication, profile management, and a searchable directory; coordinated a student team from requirements through implementation and launch.

Education

Odisha University of Technology and Research

2023 – 2025

Master of Computer Applications (MCA) | CGPA: 8.9

Fakir Mohan University

2020 – 2023

Bachelor of Science in Mathematics | CGPA: 7.9

Achievements

CodeChef 4-Star (peak rating 1802); All India Rank 147 in the Coding World Cup.

Solved 500+ DSA problems across LeetCode, CodeChef, and GeeksforGeeks.
